* Pedagogical practice can be carried out during the semester.

| | | | | |
|----------------------------------|---|---|---|---|
| Exams | 2 | 2 | 1 | 1 |
| Final tests | 2 | 3 | 2 | 1 |
| Calculation, graphic assignments | 2 | 2 | 2 | 2 |
| Home tests | 0 | 0 | 0 | 0 |
| Essays, abstracts | 1 | 1 | 0 | 0 |

II. Research Component

| Plan of Research work | | |
|-----------------------|--|--|
| Year | Content of Research work | Type of control |
| 1 | Selection and substantiation of the research topic, determination of the content, timing and scope of scientific work; selection and substantiation of the methodology of scientific research, analysis of existing views and approaches, that have evolved into modern science in their chosen direction. Preparation and publication of at least one article (usually overview) in scientific publications (domestic or foreign) on the topic of research; participation in scientific and practical conferences (seminars), publication of abstracts. | Approval of the individual work plan of the graduate student by the academic council of the institute or faculty, reporting on the progress of the individual plan of the graduate student twice a year. |
| 2 | Conducting, under the guidance of the scientific supervisor, scientific research, which involves solving research problems by applying a set of theoretical and empirical methods. Preparation and publication of at least one article on the topic of research, in domestic or foreign scientific professional journals; participation in scientific and practical conferences seminars with the publication of abstracts. | Report on the progress of the individual postgraduate plan (semi-annually). |
| 3 | Analysis and generalization of the results of scientific research; substantiation of the scientific novelty of the obtained results, their theoretical and/or practical significance. Preparation and publication of at least one article on the topic of research in scientific professional journals; participation in scientific and practical conferences and seminars with the publication of abstracts. | Report on the progress of the individual postgraduate plan (semi-annually). |
| 4 | Registration of scientific achievements of a graduate student in the form of a dissertation, summing up the completeness of the coverage of the results of the dissertation in scientific articles in accordance with the current requirements. Implementation of the results and registration of supporting documents. Submission of the dissertation for preliminary examination. Preparation of a scientific report for final certification (defense of the dissertation). | Report on the progress of the individual postgraduate plan (semi-annually). Conclusion concerning the scientific novelty, the theoretical and practical significance of the results of the dissertation. |
